

### Possible duplicate(s) found

Via automatic query on database, or via deduplication request.

### Process potential duplicate(s)

Org unit receives memo with request or list of matches with % — degree of similarity.

### Collect evidences

Following rules for deduplication, weak vs strong reasons.

"Onderbouwingen"

### Deduplication decision

Memo documenting the decision.  
One records in db "leading"  
other "deactivated".
